

India Springs Inc.– Making the Fast 50 List
Fast 50: Pittsburgh’s Fastest Growing Companies
presented by the Pittsburgh Business Times

Pittsburgh, PA, Aug. 26, 2022 - India Springs Inc. is honored to announce it has won a place on the Fast 50 list. The Fast 50 are privately held, Pittsburgh-based companies ranked by revenue growth between 2019 and 2021. The Pittsburgh region's proud winners were honored at this event last night, presented by the Pittsburgh Business Times.

India Springs Inc., an industry leader in the manufacturing of Compression Springs, Extension Springs, Torsion Springs, and Wire Forms, has been family owned and operated for over 83 years. Located in McKees Rocks, PA, India Springs Inc. recognizes and congratulates its fellow finalists who made the Fast 50 list.

In 1939, India Springs Inc. started out in the industry with a small coiling machine making garter springs by hand. The owner, Joseph Vodvarka, was a machinist, working hands-on in the upstairs room of his house, which was converted into a small office / shop to produce the garter springs needed at the time. Through the years, India Springs Inc. grew, and the belief of family was always a part of it. In 1976, Joseph Vodvarka's daughter, Linda, and her husband Rich Froehlich, bought the company and continue to keep India Springs Inc. a family owned and operated business. The Froehlichs have a strong belief in family and carry over that belief into the India Springs Inc. culture when doing business. Customers benefit from this by receiving personalized customer service, engineering assistance, and a quality final product suited to meet their needs. In turn, India Springs Inc. is the one who thanks the customers for making it possible for India Springs Inc. to be celebrating being in business for 83 years.

About India Springs Inc.

The 83 years of experience that India Springs Inc. has allows them to offer a wide variety of custom precision springs. They have a first-class team of on-site engineers to assist customers with developing solutions for a large variety of applications, along with their on-site quality control staff. Their veteran craftsmen working in the shop are trained in the latest and most advanced forms of mechanical and CNC wire forming machines and techniques and have a combined 100 years of experience and success within the industry. The benefit India Springs Inc. delivers to companies time and time again is that it understands their customer's needs and meets their requirements while delivering a quality product.
